Combat Papermaking with Drew Cameron

June 7th 9-11am

Hand papermaking with military uniforms. Learn about the craft of hand papermaking while using symbolically rich materials. Participants will engage in the entire process including breaking rags and forming sheets of paper. The paper you make can be picked up when dry. www.combatpaper.org. Adults only

Character Design Fundamentals with Wren Sands

June 13th 5-8pm

Create intriguing and appealing characters with personality. Class will focus on the fundamentals of design and ease students into designing a character based on an assigned description. At the end of the class we will share our creations. Class will be led by Wren, who has experience in game development. She has skill sets in both 2D and 3D work. Previously, she has worked as a freelancer under the name of Sketching Sands on multiple game titles ranging from video games to VR experiences and tabletop games. Age 12 and up

***Stained Glass Garden Stones
with Kathy King***

June 17th 9am-noon

Dress up your garden with colorful stained glass in concrete stones. You choose the shape. Fast setting concrete allows pieces to go home the same day. All Ages

***Tiny Textured Happy Houses
with Sally Schaller***

Part 1: June 18th 9am-noon

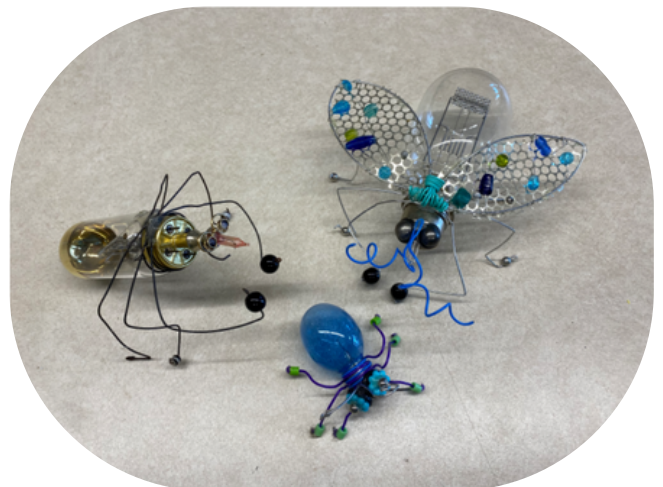

Part 2: June 25th 9am-noon

Make a wall or free standing unique house while experimenting with textures in clay. In part II return to paint your creations as you desire with acrylic paint. All ages.

***Lightbulb Insects
with Evy Thuli***

June 19th 5:30-8:30pm

Using vintage light bulbs, found objects, beads, and wire, you will create one of a kind garden insects! These handmade sculptures inspired by nature will be a spark of creativity in your garden or in your home.
Ages 12 and up

***Painted Garden Angels
with Evy Thuli***

June 21st 9am-noon

How does your garden grow? Create colorfully painted angels to watch over your garden. These wooden angels are inspired by ceramic artist Sue Davis. Choose your own colors and use a variety of acrylic painting techniques such as underpainting, blending, stamping, stenciling and lastly, add details to make it complete! Ages 12 and up.

***Batik
with Nancy Huffman***

June 27th 9am-noon

Explore the ancient technique of using hot wax and bright colored cold dyes to make beautiful colorful one of a kind art on cotton fabric. You choose the size and subject. Ages 9 and up.

***Tea Towel Stamping
with Julie Olson***

June 28th 9am-noon

Choose a cultural motif from a variety of sources or make up your own. Make a stamp and use fabric paint to print a design or border on the tea towel provided, or use your own napkins, apron, etc. All Ages

**Personality Gargoyles
with Ash Kyrie**
July 5th 9-11am

Construct your character from clay using pinch and coil techniques. Add glaze and stains to your gargoyle the same day. Return July 12th 9am-5pm to pick up your fired finished art. All ages

**Cereal Box Collages
with Sarah Weier**
July 26th 9-11am

Reinvent your favorite cereal box into your own design on mat board. All ages

**Mouse Trap Art
with Sarah Weier**
July 26th Noon-1pm

Explore the unique designs a mouse trap can inspire as a clipboard for notes or just as art itself! All ages

Nick Engelbert's Grandview Summer Academy 2025

7351 State Road 39
Hollandale WI 53544

August 2nd

9am-noon

***Shibori
with Julie Olson***

Shibori is a Japanese manual resist dyeing technique, which produces patterns on fabric. Create your own patterns using 12x12" cotton squares, perfect to serve as a placemat or runner.

Ages 12 and up

12-1pm

***Mono Printmaking
with Sally Koehler***

Experiment making mono prints on Gelli plates using texture tools, stencils, drawing materials and more. Explore different colored paint and papers. It is magical to see how your prints emerge onto paper.

All ages

Nick Engelbert's Grandview Summer Academy 2025

7351 State Road 39
Hollandale WI 53544

**August 9th
9am-3pm**

All ages!

**August 16th
9am-noon**

Mosaic Plates with Merry Dragovich

Spend a day learning the process breaking that favorite chipped plate and using that as tesserae along with colored glass, and tile to a wood or ceramic surface (provided) then grout for that finished look. All materials provided. If you wish, bring a dish(s) to break and a lunch.

Plein Air Painting with Heidi Hankley

Enjoy a morning of outdoor painting inspired by the Grandview grounds. Learn basic techniques of watercolor and how to work in an outdoor environment. Guaranteed to go home with a treasured memory!

Hollandale WI 53544

Summer Sewing Day with Ruth Schriefer

Saturday, August 23
9am-2pm
Ages 12+

Pillowcase Project **9-11am**

Participants will choose 3 fabrics to create a custom pillowcase to brighten up a bedroom. Great project for yourself or as a gift and easy to duplicate once you practice the magic. Fabric and directions provided.

Bring your sewing machine and basic sewing supplies (thread, full bobbin, pins, shears, extra sewing machine needles) and join us for either one or both sewing projects.

Family & friends can share a machine to maximize the fun! Adults and kids ages 12 & up welcome with someone confident operating the sewing machine. Bring your lunch if you register for both sessions. And good news – we will sew rain or shine!

Make Some Mittens **Noon-2pm**

Time to “upcycle”! We’ll use old wool sweaters that have been felted to make some cozy winter mittens. Participants will choose a kit that will contain felted wool, fleece lining, cuffs, pattern, and directions for adult-sized mittens.

Stained Glass with Gary Harris

Saturday, August 30th

9am-4pm

Ages 12+

Bring a lunch!

This class can be instructional or used as an open studio. Learn the basic techniques of glass construction to make your stained glass masterpiece.

Should you be a beginner or have advanced skills, this class is for you.

Finished piece goes home with you that day. Patterns provided or bring your own.

Session I **Saturday, June 14** **& Sunday, 15th 9am-3pm**

Demos and work time throughout the weekend to include instruction on throwing, hand building, sculpture techniques and tips and tricks of ceramics.

Session II **Saturday, July 19th** **& Sunday, 20th 9am-3pm**

Learn the chemistry of mixing your own glaze, then glaze bisqueware that you created from session I. Learn how to load a wood-fired kiln with participants glazed pieces. The following day experience firing up the kiln-for a 12 hour firing day, 6 am- 6pm. Participants will sign up for stoking shifts and will not need to attend the full day. Opening of kiln will be arranged for later that week.
